Note To: William F. Donnelly

From:

Subject: Dr. Selin Meeting

Bill,

At your request I had Chief of our Corporate Systems Development Division get in touch with Dr. Selin. Attached are her comments from that meeting.

Thanks,

CC:

24 November 1986

MEMORANDUM FOR:

FROM:

SUBJECT: Meeting with AMS

On 21 November, 1986, several MISG staff employees met with Dr. Ivan Selin, Chairman of the Board of American Management Systems, Inc. (AMS). Two other AMS employees, Mary Kathryn Vavasour and Michael Pugh were also in attendance. AMS provided information about their corporation and described the services and products which comprise their business. The majority of the discussion centered around personnel/payroll systems and AMS's experience in this arena.

Ms. Vavasour followed up with a phone call to me on 24 November.

ADMINISTRATIVE - INTERNAL USE ONLY

ADMINISTRATIVE - INTERNAL USE ONLY

AMS understands that the Agency is currently investigating the possible use of USDA's National Finance Center (NFC) personnel/payroll system. Ms. Vavasour offered to send us some material on the USDA system and to put us in touch with the Department of Interior which is also considering porting the NFC system to their computer center. Ms. Vavasour will also supply us with the name of a contact at the Department of State who can discuss AMS's work on the CAPS system. In addition she will provide us material as it becomes available on AMS's payroll system for the New York Transit Authority, in particular more detailed information on their implementation of a retroactive pay capability. And finally AMS will be sending us a letter which will outline a possible plan for the Agency to undertake in addressing our needs for personnel/ payroll systems and which will suggest how AMS might provide assistance.
